

COMING NEXT TUESDAY

Quaker Indian Comedy Co.

UNDER THE MANAGEMENT OF DR. BUCK

This season, Dr. Buck is carrying with his company fourteen people, with a good band and orchestra. And he has added to his previous big vaudeville show a special feature attraction for every night in the week. Including such sensational acts as:

"AGA, THE FLOATING LADY." A lady floating in mid-air, without the aid of wires, ropes, springs or hinges.

"THE GREAT HINDOO BOX MYSTERY." In which the subject is locked in a box, after being tied and sealed in a sack by a committee from the audience. The subject escapes from all inside of two minutes without breaking the seal or lock.

Also, the great "JAIL BREAKER," escaping from a steel cage, after being locked in with ten padlocks furnished from the audience.

Then, the "SPIRIT CABINET," in which the famous Anna Eva Fay is out-done in messages from the spirit land.

But possibly the most sensational, death-defying act that has ever been produced in America is "THE HUMAN MILK CAN," in which the subject is locked in a can which is filled full of water by a committee from the audience. This act is very sensational, as the subject must escape inside of two minutes or death by drowning is sure and certain.

In addition to the above, the company put on a change of program every night, consisting of FARCE COMEDY of the highest class, DANCING and SINGING SPECIALTIES by some of the best comedians in the business, as well as some of the best lady performers on the road.

Also, a change of ILLUSTRATED SONGS and MOVING PICTURES every night. And, as we own our pictures, we have a choice variety of them, mostly of a comic nature.

Last season, the press and public of the State united in saying: "That Dr. Buck gave the cleanest and best show that ever passed through this territory." And as the first six towns this season more than doubled the receipts of the first six last season, it's pretty good evidence that the people are getting their money's worth of entertainment. ♦ The water proof tent (made from the same Kahaki cloth as the U. S. army uniform) adds greatly to the comfort and safety of the audience, as it is very strong and well built and is absolutely water proof. ♦ The show will commence promptly every evening at 8:45 o'clock.

Admission first night: 10 cts. for Children 5 to 12; Adults, 20 cts.; Best reserved seats, 5 cts. extra
